Supplies

Refer to photos as your guide thru-out painting.

Floated Color: dampen surface, load a damp angular brush tip into paint and work thru brush by blending onto your palette, then apply to surface.

Prep

Scuff the inside of two keys with sandpaper and remove dust. Basecoat using an ultra round brush, **Black Chalkboard Paint for Glass**, two to three coats.

Key 1 - Owliver Face

With a chalk pencil draw 2 eye circles and a triangle nose. Basecoat the eyes and nose using an ultra round brush, **Burnt Orange**, then a smaller circle in eye, **Lamp Black**, then an even smaller circle in eye, **Zinc**. Hi-light outside circle and right side of nose, by touching down on a damp surface, **Tangerine**. Hi-light around outside of perimeter of face, **Zinc**, then **Zinc** and **Light Buttermilk** brush mix with floated color. Shade color inside of eyes on top of Burnt Orange, next to Lamp Black circle and top left of nose with floated color, **Burnt Umber**. Using a liner, line all stitches, **Light Buttermilk**. When completely dry adhere the 'glass' cover that comes with the key set.

Key 2 - Owliver Message

Write a special message chalk message with a PrismaColor White Pencil. How about 'WHO' ! Adhere the 'glass' cover.

Key 3 - Owliver

Adhere a 'glass' cover on top of your favorite scrapbooking paper. Cut around cover. Add a small amount of Decoupage to the inside of the key and adhere the glass with paper. I lined the inside of the Owliver bentwood box with scrapbooking paper and used the same paper to embellish the keys.

Finishing

Add all finished keys to a jump ring. It would be fun to add additional skeleton keys as well. Slide the jump ring over the burlap ribbon and tie onto the bentwood box.
