Bunny Patch

Classic Chalk Art ~ Design by Amy Joanne Mogish

Have basic painting and penciling supplies on hand. Supplies are listed as needed within the instructions in bold type. Please use photos from blog post as reference. Technique Sheet provided by email upon request. Several technique videos have been offered thru the blog on painting, distressing and penciling (aka Chalk Art)!

Prepare your **surface ~ 2" x 4" framed chalkboard found at Hobby Lobby,** with **DecoArt Chalkboard Paint in Black,** by tapping surface with a **sponge brush,** this will give the surface some texture and tooth.

Once dry. Distress the background using a **'chip brush'** as a dry brush. Begin with **DecoArt Graphite Paint** then follow with less of **DecoArt Neutral Grey Paint,** over the Chalkboard Paint. Transfer the pattern using a **stylus, graphite paper** and your **traced design**.

Remember the idea of 'Chalk Art' is to allow the background to peek thru….creating a fun look!

Base Carrots, **Neon Orange**. Hi-light Carrots, **White,** then **Yellowed Orange,** thru center (vertical) area. Burnish **Neon Orange,** softly. Create Greens on Carrots, **Spring Green, Parrot Green,** then less of **Light Green** with different size lines coming from inside Carrot top randomly.

Base Bunny, **Cool Grey 30%,** then less of **Cool Grey 20%.** Hi-light **White,** top of bunny butt and top of heals of feet. Base Bunny Tail, **White.** Hi-light Bunny Tail (stronger), **White**. Shade Bunny Tail, **Cool Grey 30%** if needed. Shade Bunny **Cool Grey 90%,** if needed under tail and above heals of feet. Base Bunny Foot Pads, **Pale Vermillion.**

Create Ground, **Light Umber** and **Ginger Root**. Add Grass, **Spring Green, Parrot Green** and less of **Light Green** randomly.

Add a fun Easter message or a name to mark a family members seat this Easter Season.
